Native American/Alaskan Native								
White			X				X	
Multiracial			X				X	
Subgroups:								
Students with Disabilities							X	
Limited English Proficiency							X	
Eligible for Free/Reduced Meals							X	

CANDIDATE REFLECTIONS:
<p>What did you learn about leadership from completing this field experience? How did this learning relate to the knowledge, skills and dispositions required of an educational leader? How did it enhance your ability to lead?</p> <p>In completing this assignment, I learned how important it is for the Data Coach to be a facilitator and encourager. Proposing this process to teachers is going to be a tough job and it is for someone who has an infectious personality. Before presenting this process to teachers, the Data Coach needs to be well prepared for all kinds of questions and responses (positive and negative). A Data Coach needs to be level headed, calm, patient, a guide and a team player.</p>
<p>Did (or could) this field experience impact student learning? If so, how?</p> <p>This field experience can prepare me to be a data leader, that focuses on the improvement of student learning, in my school.</p>

How could this field experience be modified to make it more meaningful and relevant to aspiring educational leaders?

This field experience can be improved by gaining feedback from an administrator or content coach at my school.
